Taco Tell Terms of Service/Privacy Policy

Terms of Service

1. The application shall never be used to bully, harass, manipulate, retaliate, or otherwise adversely affect employees or the employer in any way, at any time, for any reason.
2. The application shall never be used to gather private or nonpublic information about the company, its employees, or the employer.
3. The user or the employees shall not make any unauthorized changes to the application design or codebase without the vendor's written or verbal consent.
4. Any unauthorized data breaches or code changes should be reported immediately to the vendor at (801) 953-5337.
5. Any new bugfix or feature requests should be emailed to the vendor at beegyoshi9817@gmail.com with the subject, "Taco Tell User Story".
6. In addition to all of the rules/regulations listed here, all rules/regulations listed in the most recent employee handbook shall apply to this policy.
7. Should the restaurant general manager leave the company for any reason while this policy is still active, the policy shall automatically carry over and apply to the new general manager. If no general manager can succeed the original, the policy will apply to the Assistant General Manager instead, followed by the most experienced Shift Lead and any following Shift Leads, followed by the most experienced Team Trainer, followed by the most experienced employee.
8. Although this application is meant to be a passion project built solely for the employer/employees at the Taco Bell restaurant, identifying as Store #033154, free of charge, this application, along with the TOS and privacy policy, may be purchased and acquired by the employer, an employee, or a third party at any time for the minimum price of $25 per month per service instance. In this case, the TOS and Privacy Policy may be amended as the new owner sees fit once they follow the proper onboarding process. The listed price is negotiable, and regardless of the price, ownership will be transferred once both parties agree to make the transaction.
9. Service instances may be purchased individually for $25 per month, with the exception of the first instance, in which case, both parties will undergo a proper setup process. This price is NOT negotiable.

User Privacy Policy

1. The phone numbers of all employees stored in the database will never be used for marketing purposes or any purpose other than what is listed in the app description
2. The phone numbers of all employees stored in the database will never be sold or posted anywhere online for any reason.
3. The employer’s phone number will never be used for marketing purposes or any purpose other than providing the employees with a way to contact them for schedule change information.
4. The employer’s phone number will never be sold or posted anywhere online for any reason.
5. The vendor’s phone number and contact information will never be used within the app itself at any time for any reason, unless ownership of this policy has been transferred to a third party.
6. No other personal information belonging to the employees, employer, or vendor, will be used within or outside the app for any reason, with the exception of first and last names and employee ID number, which will only be used for verification purposes and to identify the owners of each stored phone number.
